

The background of the entire image is a close-up photograph of green hop cones (Adeena variety) on a vine with serrated leaves. The text 'Adeena' is centered in the upper half in a large, white, sans-serif font, followed by a registered trademark symbol (®). In the bottom right corner, there is a logo for '44° LATITUDE' where the '44°' is stylized in a light blue color. Below this logo, the text 'A PACIFIC NORTHWEST HOP BREEDING CO.' is written in a smaller, white, sans-serif font. Four concentric, light blue circular arcs are positioned in the lower right quadrant, partially overlapping the hop cones and the company logo.

Adeena®

Adeena is a promising noble-style star for brewers. The herbal, slightly spicy flavor characteristics and unique floral with a hint of lemon/citrus aroma gives you depth and versatility that'll make lagers, pilsners and other light style beers shine.

Aroma Profile: Herbal, Light Floral, Citrus, Subtle Spice, Lemon

Alpha Acids	3.5-5.5%
Beta Acids	3-4.6%
Total Oils	0.8-2.5 ml/100g

Myrcene	27.3-29.43% of total oil
Humulene	31.3-45.4% of total oil
Caryophyllene	14.6-21.9% of total oil
Farnesene	4.3-6.6% of total oil
